Bill and Carol,

Attached please find the Technical Coordination Meeting Minutes from the meeting on September 18, 2012. These were distributed by EPA on February 11, 2013, but Tierra Solutions, Inc. brought to our attention that the language in the third bulleted item under "Conclusions" on page 6 did not represent a neutral presentation, but rather the point of view of one of the parties, which was not EPA's intention. We have restored the language that was originally drafted by EPA for this point.

In other respects the document is unchanged from the version sent on February 11, 2013. We apologize for the confusion.

Regards,
